

August 16, 2011

To our patients and their families,

We are thrilled to announce that Menlo Medical Pediatrics will be adding five new physicians to our practice in November, 2011. Drs. Remington Fong, Kim Harvey, Jelena Vukicevic, Sonia Nader and Annette Hwang, formerly of Welch Road Pediatrics, will be joining us and bringing with them many years of experience in caring for children in this community.

Our new partners are all Board Certified and active members of the Lucile Packard Children's Hospital Medical Staff. They admit patients to, care for well newborns at, and refer patients for specialty services to Packard Children's Hospital.

You can expect that our practice will continue to provide you and your family with the same access and level of care that you are accustomed to. Your Pediatrician's schedule will remain unchanged and if anything, you will notice more flexibility in scheduling both well check and urgent visits. The arrival of these new physicians will coincide with the move back to our newly remodeled offices on the first floor of our Crane Street location.

We are excited about what the future holds and look forward to continuing to provide excellent Pediatric care to you and your families. If you have any questions, please do not hesitate to call us.

We hope that you have all had a healthy and fun summer.

Best,

Isha Clark, MD

Julia Hallee, MD

Karli Cleary, DO

Laura Saldivar, MD

Liz Fowler, MD
